THE ALBUM

Travel through time and space, human frailty, hope, and love sublime. Picked and tailored from more than a decade of writing, hear these fruitful culminations of life experiences in song. See through a window of insightful honesty. Feel the blanketing effect of the vocals set into instrumentation that instills a comfortable rubato groove ... Steer away from short-term gratification and re-discover the depth of soul music.

The John Speed Band plays the music of singer songwriter John Speed. Nicole Poissant, vocalist; Roger Coderre, double bassist; Joëlle Lanoix, percussionist and vocalist; each bring their own wash of colours to the music. Performed and recorded at Island Time Studio. Mixed and mastered by Padraig Buttner.

If you are pressed for time, track (3) Holy Shame, (12) Take Me In, (13) Rolling Sun, should give you an idea of the musical diversity of the album.

ABOUT JOHN SPEED

John Speed is a Canadian singer songwriter, originally from Winnipeg, grew up in Montreal, and now lives in the Châteauguay Valley, in the heart of Quebec's artistic and musical scene.

Wise, soft spoken, unsettled and still searching, John's music takes shape through lyrics that grasp the essential truths often hidden in life's awakenings. His thick and soulful sounds bring light to uncharted territory where his melodic quest is most welcome. It is an intimate experience with music that soothes the soul !
